# HIGHEST LEVEL OF COMFORT AND DESIGN

Skywell ET5 has indulgent specifications that offers one of the most luxurious and comfortable driving experiences you've ever known.

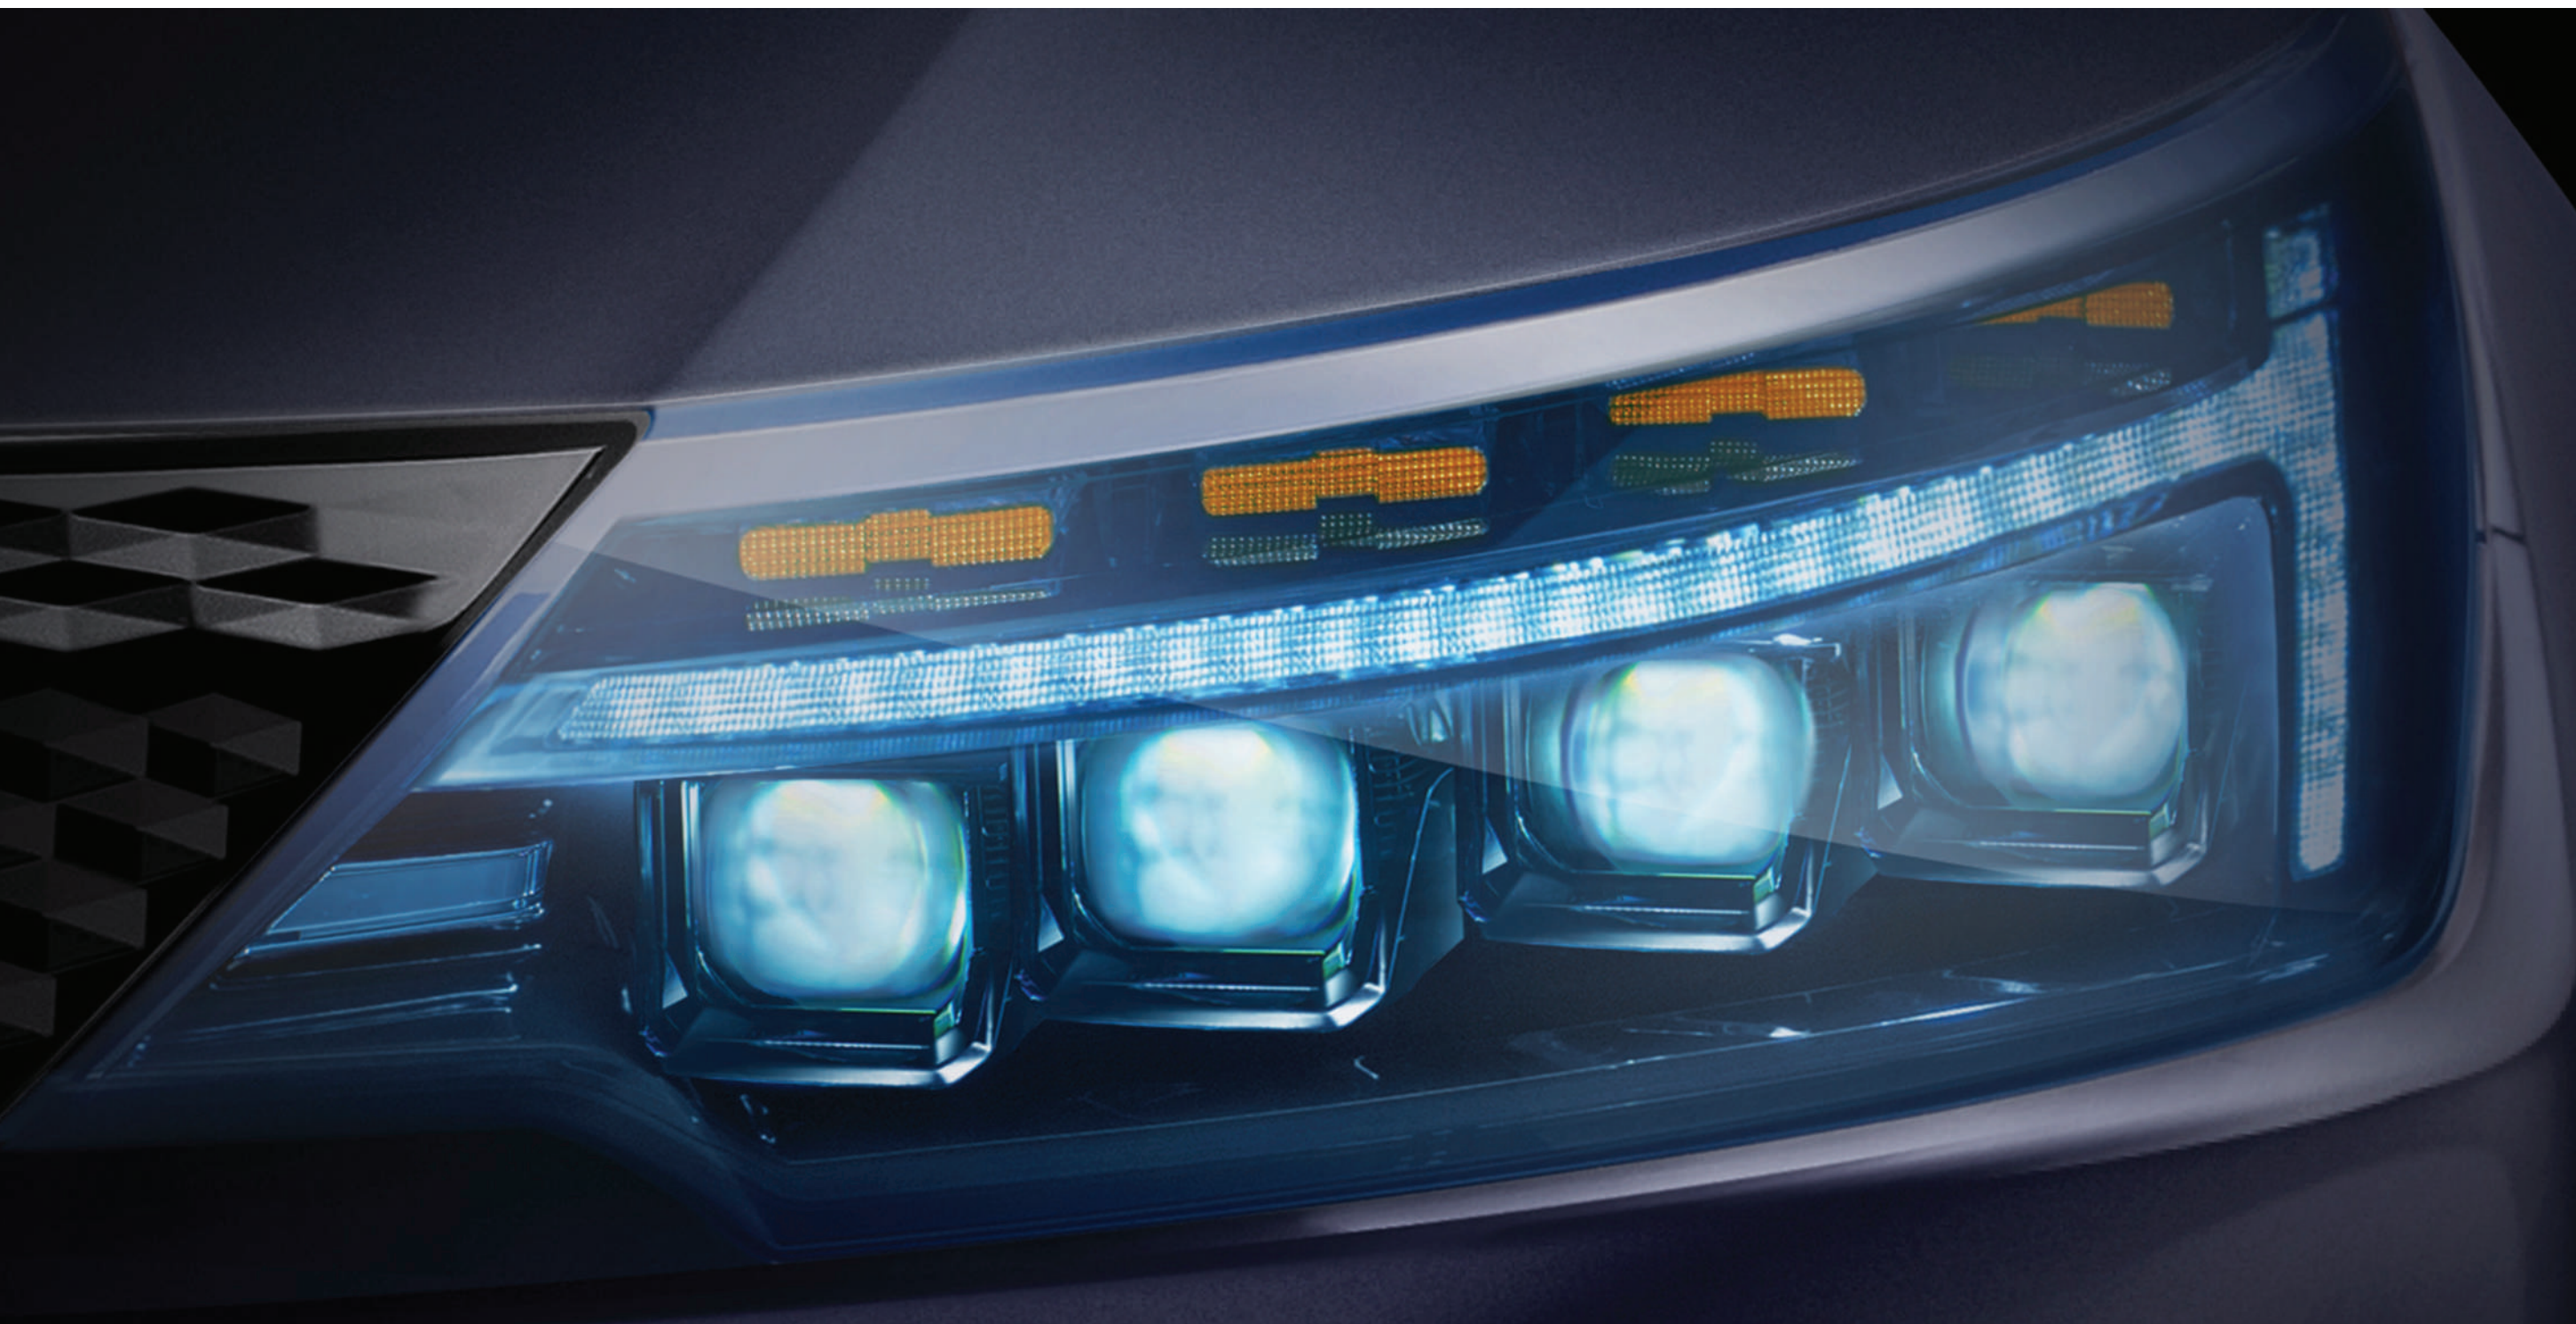

# EMBRACE THE EXTRAORDINARY

The Skywell ET5 embodies a new era in electric vehicles. The exclusive exterior is matched in its premium feel by an interior that is a cut above the rest.

# BE BOLD

The sophisticated and bold grille design enhances the overall impression of the vehicle making a strong statement of character. The inclusion of four powerful Laser Headlights with four synchronic indicators enhances the overall impression.

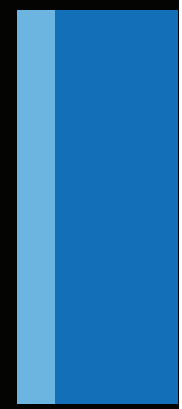

# EXPRESS YOUR INDIVIDUALITY

Integrated brand name in the rear lights is bold and stands out among all vehicles currently on the road.  
Stand apart from the crowd.

## AMAZING SPACE

More space that you could possibly know what to do with. Exceptional 467L storage space for all your needs and more

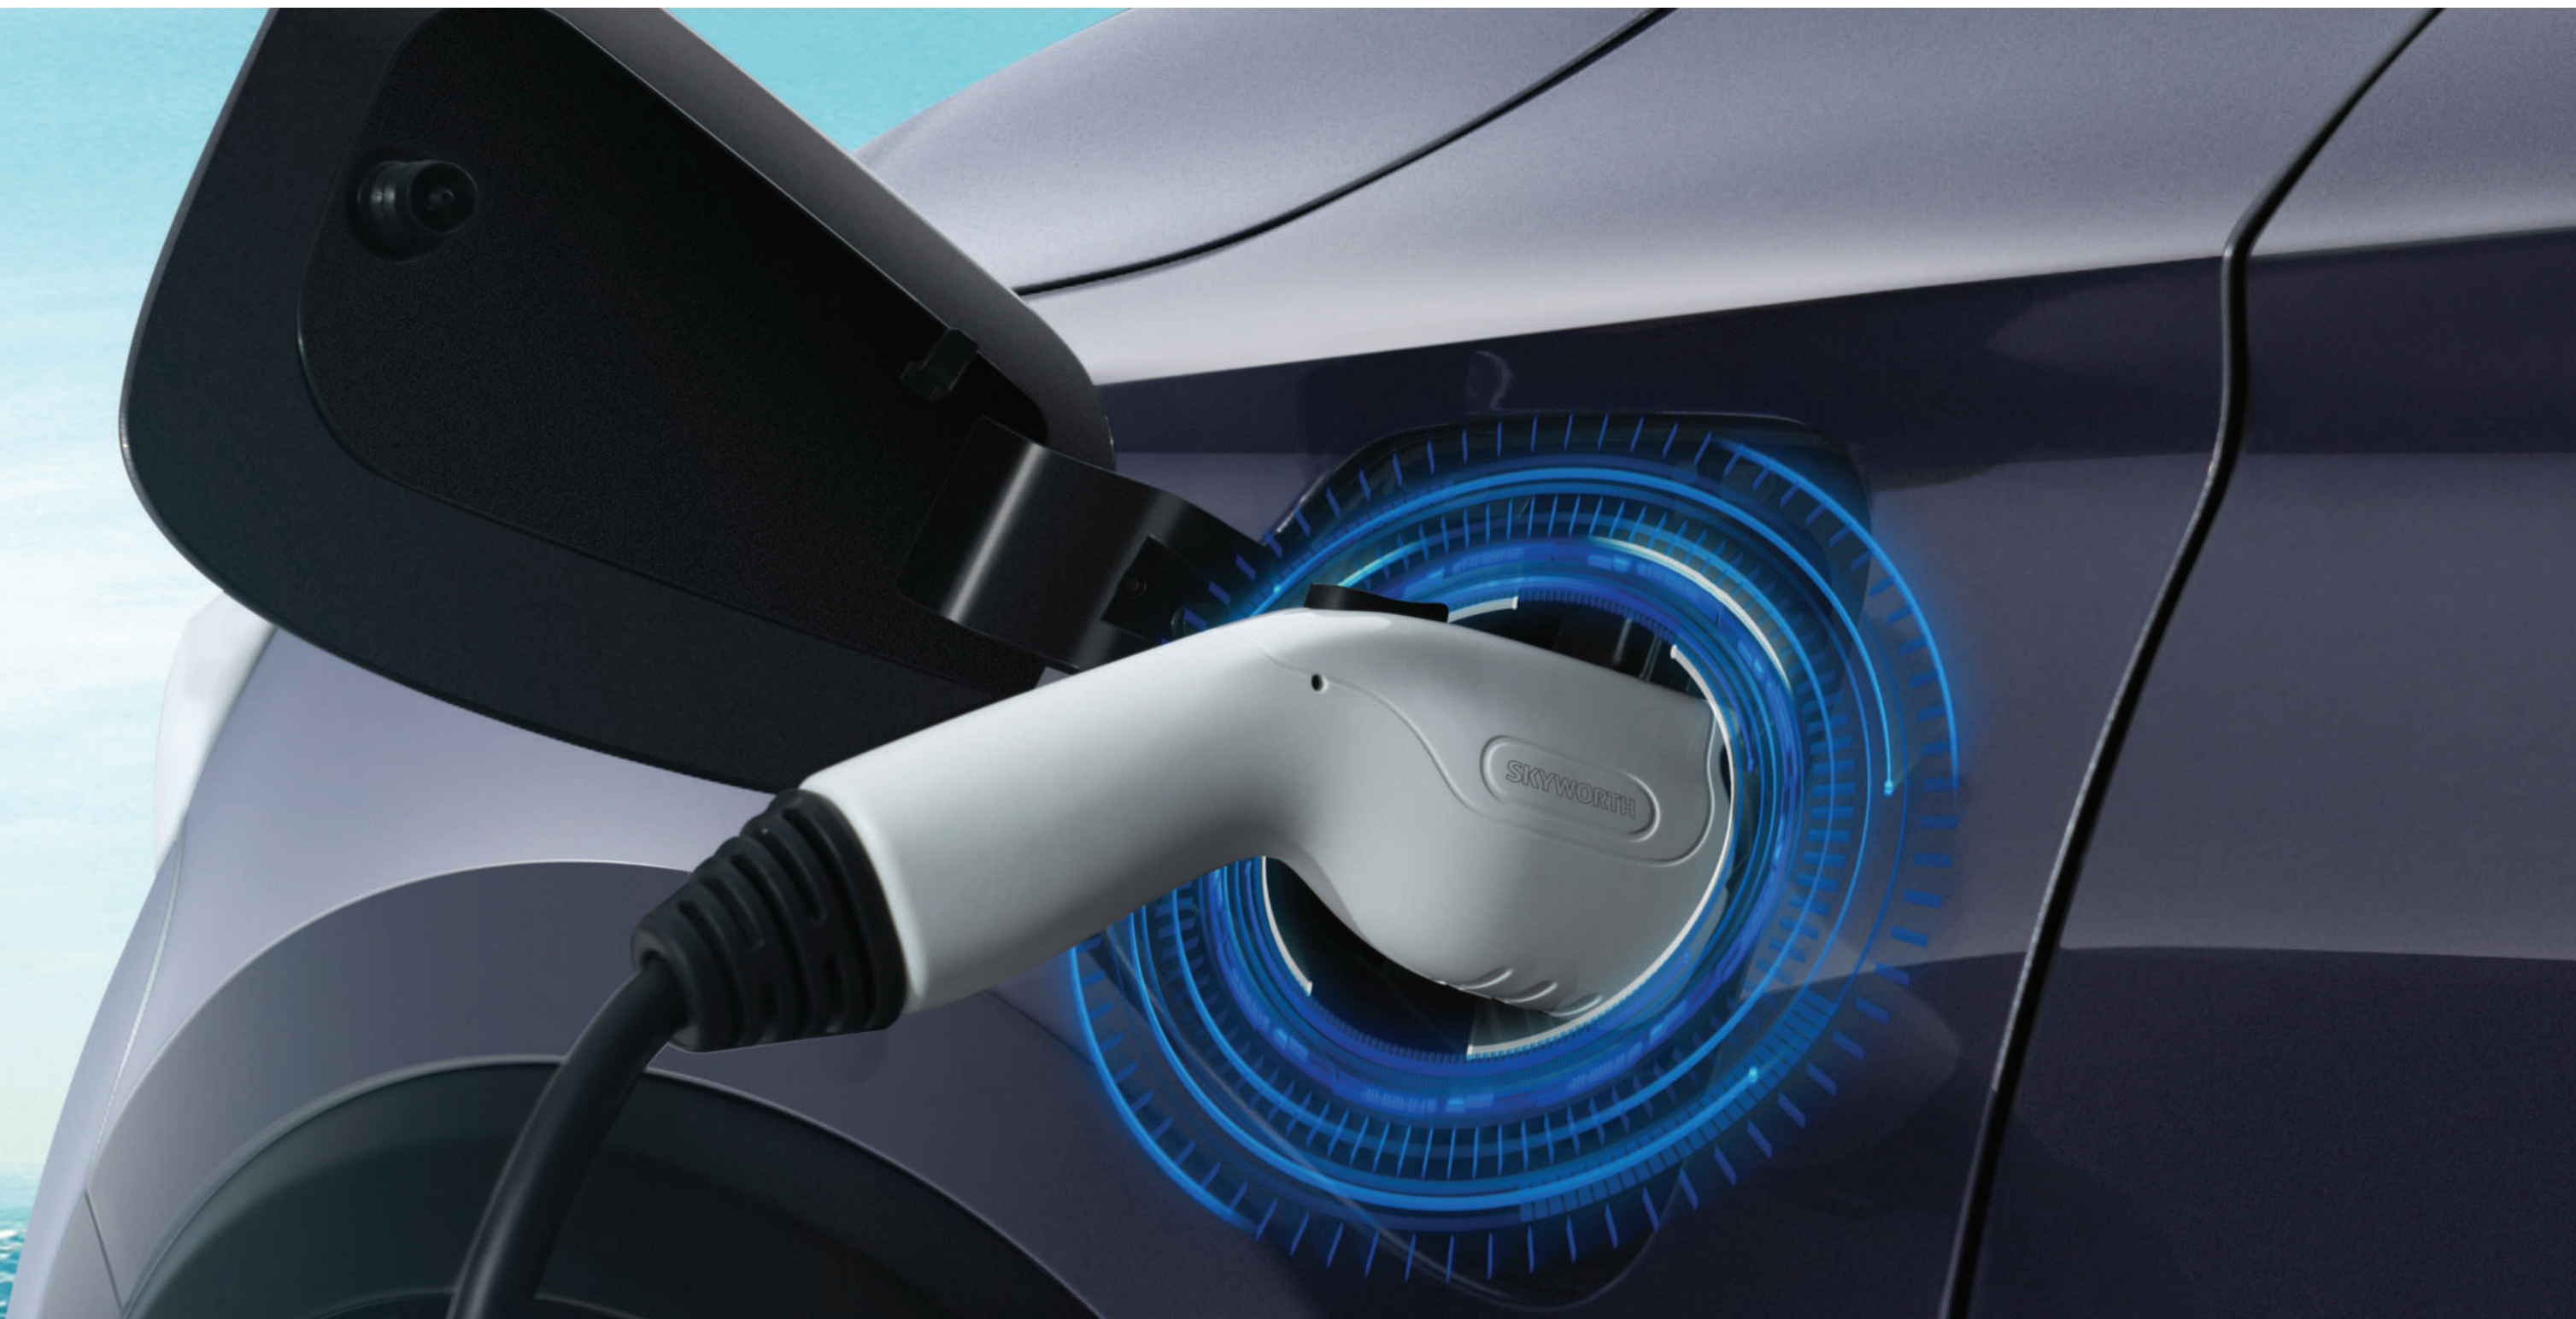

## WHEELS THAT TURN HEADS

Aesthetically designed, the 19 inch alloy wheels add a premium presence when the Skywell ET5 is seen on the streets.

# EXCEPTIONAL RANGE, NO EMISSION

Enjoy carefree drive with your Skywell ET5, thanks to the high range, short charge time and adaptability to UAE energy infrastructure. Plus, with the zero emission you do your part towards the environment and for our future!

## **RELAX LIKE NEVER BEFORE**

With the first global patented sleep mode technology, Skywell ET5 is the only vehicle that gives you an opportunity to sleep and rest inside the vehicle with just a tap at the screen.

## REFLECT YOUR MOOD

Ambient lighting with an array of colors to choose from, in the front and in the rear. Show how you feel.

## REFINED QUALITY

Designed to perfection with smart wooden trim interior. Skyworth speakers enhance your driving experience.

## PREMIUM FINISH

Intuitive, classic interior with high quality materials. A pleasure to touch and feel.

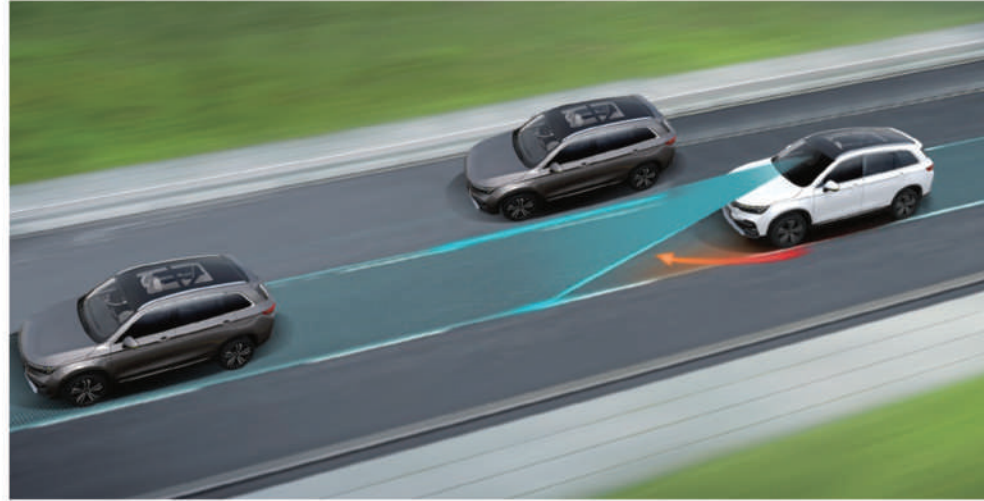

## **BIGGER, BOLDER AND BETTER**

With a wheelbase of 2,800 mm, Skywell ET5 provides abundant space for the rear passengers!

## ADAPTIVE CRUISE CONTROL

Helps you maintain safe following-distance and stay within the speed limits

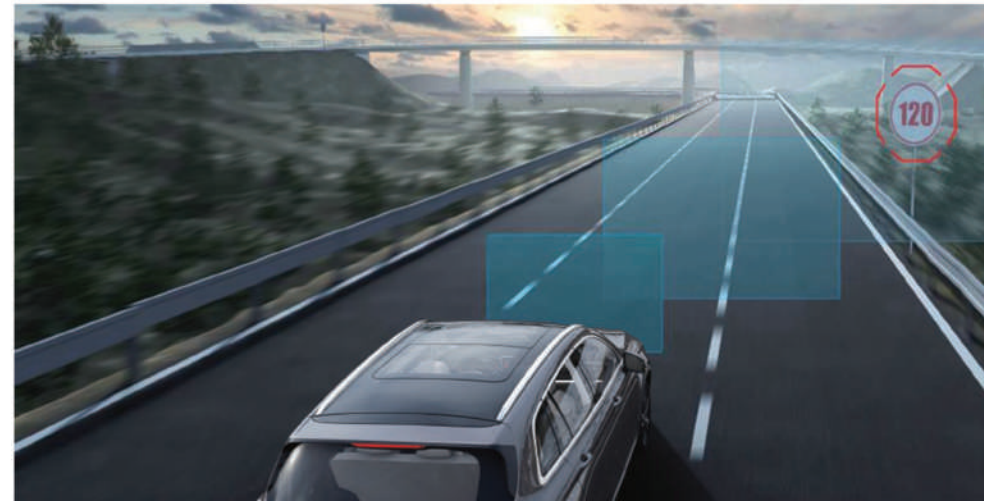

## LANE KEEPING ASSIST

Proactively supports the driver by keeping the vehicle in the center of the lane

## HIGH BEAM ASSIST

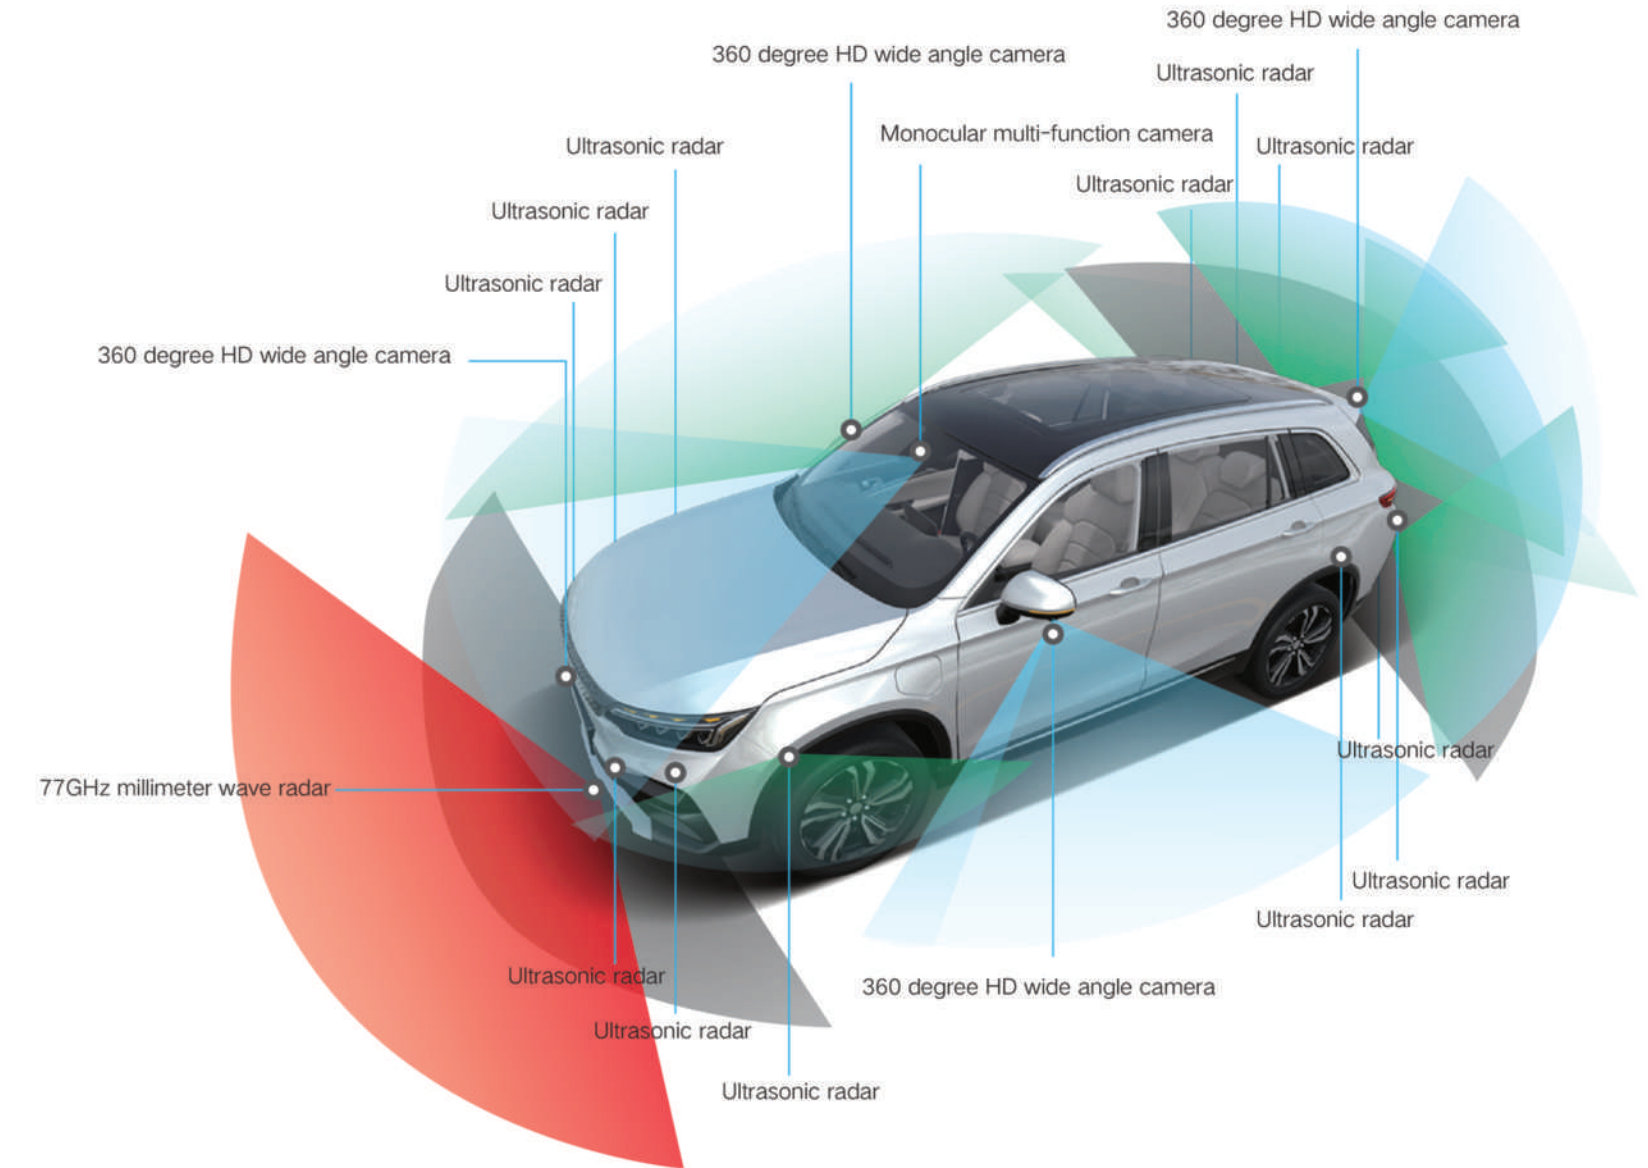

Automatically switches headlights from high beam to low beam and back, to reduce driving burden

## TRAFFIC SIGN RECOGNITION

Recognizes traffic signs and relays the information to the driver

## 360 DEGREE CAMERA, SENSORS

## SLEEP MODE (PATENTED)

Looking for a power nap, Skywell ET5 lets you rest inside your vehicle for a 45 min break with fully reclined seats

## CAMPING MODE

Going camping, use Skywell ET5's Camping Mode to illuminate the surrounding and use the 220V car power-supply for multiple purpose

## PARTY MODE

Now, use the Skywell ET5 to create a dynamic zone using the vehicle lights to have a party atmosphere

## MUSIC MODE

Using the technology of Skyworth, the Skywell vehicles come with high performance speakers to up your mood
